

## **FISCAL NOTE**

### **SB 1964 - HB 1819**

March 12, 2007

**SUMMARY OF BILL:** Requires the Tennessee Bureau of Investigation (TBI) to notify persons residing within 1,000 feet of a sexual offender or violent sexual offender's proposed residence or relocation. Authorizes the TBI to use a reverse 911 calling system for such notification.

#### **ESTIMATED FISCAL IMPACT:**

**Increase State Expenditures - \$119,100 Recurring  
\$9,800 One-Time**

##### **Assumptions:**

- TBI would require two additional Law Enforcement Information Coordinator positions to process the notifications. The recurring expenditures of \$119,085 reflect the salaries, benefits and other related operating expenses for the two positions. One-time expenditures of \$9,800 reflect supplies and other related expenses for the two positions.
- Reverse 911 is free of charge to local law enforcement agencies once such an agency has registered. The TBI would use such a system for notification of a sex offender's relocation.
